ABOUT

I am a Senior Financial Advisor that has been with JGUA since 2006. I attended law school at Texas Tech University and completed my Masters in Personal Financial Planning. I especially enjoy working with clients on retirement planning, helping them determine what decisions need to be made today to arrive at the destination they want to get in the future. Once the plans are made, then the real fun begins as we work together to carry out those decisions and plans over the years to follow, tweaking and adjusting as we go. I'm grateful that I get to share in that journey with them and play a role in their future success- it's one of the many reasons I love what I do.
