# JASON D. NICKERSON, CFP® , EA

*President & Chief Operating Officer*

## ABOUT

Jason Nickerson is the President & Chief Operating Officer of John G. Ullman & Associates and a member of the JGUA Advisor Team. He holds the CERTIFIED FINANCIAL PLANNER™ designation and is an IRS Enrolled Agent (EA).

A 1993 graduate of Watertown High School, he earned his degree from SUNY Corning Community College in 1995 before continuing his studies at Salisbury University in Maryland. He later returned to Corning with his wife, Kristina (Peris) Nickerson, to establish their life and careers.

Jason's journey with John G. Ullman & Associates began in 1998 as an entry-level Account Coordinator in the Client Accounting Department, where he quickly recognized the firm's client-centric approach and vision.

Over the next 26 years, he worked his way through nearly every department, gaining valuable experience and learning from mentors who shaped his path. In 2023, he was appointed President, a role he views as a reflection of the support and inspiration he has received from colleagues, mentors, and family.

In 2024, Jason was honored with the Eileen Collins '76 Professional Achievement Award by SUNY Corning Community College, recognizing his outstanding contributions to his profession.

While Jason's professional success is notable, what truly drives him is his commitment to giving back—often quietly and behind the scenes. Alongside his wife, Krissy, he is dedicated to raising their children with values centered on community, teamwork, and integrity.

His passion for helping others extends beyond his family, leading him to teach personal finance in classrooms. He also frequently delivers financial education presentations at local colleges and community organizations, believing financial literacy is a vital tool for personal empowerment.

Jason remains deeply grateful to the people who have shaped his journey—many of whom may not even realize their impact. He sees his accomplishments as a testament to those relationships and dedicates his recognition to the mentors, colleagues, and community members who have supported him along the way.
